

CENTRE FOR SECURITY COOPERATION

CROATIAN MINE ACTION CENTRE

Seminar on the implementation of Ottawa Convention, Information Technology (IT) in Mine Action:

“The recent Demining Processes – National and Regional Approach, new Challenges”

*Co-organized with
Croatian Mine Action Centre*

19-22 October 2009, RACVIAC, Rakitje, Stari hrast 53, 10437 Bestovje, Croatia.

The purpose of this seminar is to present some of the IT solutions in mine action community and encourage discussion on how to further advance IT in mine action even more in order to solve the mine problem.

The objectives of the seminar are:

- To provide the participants with information on some of the IT solutions in mine action.
- To improve contacts between representatives of national and international organizations as well as other countries dealing with the mine action.
- To provide the opportunity for talks on about the challenges they face and the way ahead.
- To give a full picture of the latest geographic information systems by presenting some of the latest modern technological achievements in this field.
