Seminar on
Parliamentary Oversight of the Security Sector:
“Deployment of Armed Forces Abroad; Lessons Learned and Practical Experience
in South East Europe (SEE)”

14-15 June 2011
Sarajevo, Bosnia and Herzegovina

DRAFT AGENDA

(08-06-2011)

The seminar is the continuation of the *Conference on Parliamentary Oversight of the Security Sector: “Positive Experiences and Examples of the Parliamentary Committees for Security in SEE”*, held in Sarajevo, June 2010.

The work on this seminar will be focused on the SEE experience in the field of deployment of Armed Forces abroad. The main areas of interest are as follows:

- Seminar as well as subsequent events of the kind should be considered “as a permanent forum of parliamentarians responsible for oversight of security sector thus supporting required security sector reform efforts at the legislative level”.
- National overviews of the history of deployment of armed forces in Peace Support Operations (PSO) as an excellent opportunity to get wider picture of the past and current efforts in SEE countries to contribute in different forms to PSO under the UN, NATO, EU or OSCE mandate.
- To present and to discuss different levels (executive and parliamentary) of national decision making procedures, mechanisms and practices in the field of deployment of armed forces abroad. (*Is there a practice that the Executive provide the summary of operation to relevant parliamentary committees? Were scrutiny mechanisms applied by committees before and/or after the deployment, and how?*)
- To discuss practices and possible establishment of the military ombudsman in parliaments of SEE countries.
