

CENTRE FOR SECURITY COOPERATION

Open Skies Treaty Aerial Observation Course

in cooperation with

Canada, the Republic of Croatia, the Federal Republic of Germany, and Hungary

**RACVIAC-Rakitje, Stari hrast 53, 10437 Bestovje for the theoretical part
and Zagreb, Pleso Airbase for the practical part,
26 March - 05 April 2012**

AGENDA

As of 15th February 2012

The purpose of the course is to train personnel from SEE countries in planning, organizing and executing an Aerial Observation Mission based on the provisions of the Treaty on Open Skies (OST), thus also increasing the administrative capacity in the field of security cooperation.

The objectives of the course are:

- To overview the specified elements of the OST, highlighting the most comprehensive and commonly followed rules and procedures of its execution;
- To provide the participants with information about the current situation in the development and implementation of the OST;
- To carry out a training Aerial Observation Mission, providing practical experience;
- To deepen contacts between representatives of national organizations and agencies engaged in the accomplishment of arms control and/or security- and confidence-building measures;
- To set an example of security cooperation on national, regional and international level.

Methodology of the course is a combination of lectures (presentations) and practical activities.
