**Dates** 10-13 April 2018

**Venue(s)** Radisson Blue Resort, Split, Croatia

**Background** The Republic of Croatia and the United States of America are organising a “**Proliferation Security Initiative Workshop, Split 2018**” in Split, Croatia, on 10-13 April 2018. Since the initial idea of a **C-WMD Network** project stemmed from the PSI TTX held in Zagreb, Croatia in November 2013, the Governments of the Republic of Croatia and the United States of America have kindly invited the **C-WMD Network** participating nations to take an active part in the abovementioned event.

As the **C-WMD Network** project is entering the national validation and testing phase of the programme, RACVIAC - Centre for Security Cooperation highly appreciates the extended invitation.

RACVIAC welcomes the continuous support from U.S European Command (USEUCOM), the U.S. Defence Threat Reduction Agency (DTRA), the International Counterproliferation Program (ICP), the Proliferation Security Initiative, and the Republic of Croatia in the development and realisation of the **C-WMD Network** project.

The “Proliferation Security Initiative Workshop, Split 2018” will start on Tuesday, 10 April and end on Thursday, 12 April 2018. The **C-WMD Network** participating nations are invited to stay on for a meeting on Friday, 13 April 2018.

**Purpose and Objectives** The purpose of the “**Proliferation Security Initiative Workshop, Split 2018**” is to enhance awareness of the value of the Proliferation Security Initiative. The main objectives of this event are:

- To enhance the ability to counter WMD proliferation through the arrangements of the Proliferation Security Initiative;
- To support the ongoing process of developing C-WMD national strategies;

The purpose of the April 13<sup>th</sup>, 2018 meeting is to give the **C-WMD Network** participating nations the opportunity to continue sharing their progress in drafting C-WMD National Strategies. The main objectives of this meeting are:

- To discuss regional cooperation;
- To continue with the preparations for the national TTXs.

**Participation** The aim of this activity is to bring together 2 (two) members of the core working/drafting group with decision-making responsibilities related to counterproliferation, border security policy and implementation.

Detailed terms of participation and financial arrangements will be specified in the corresponding Invitation Letter and Administrative Information.

**Methodology** The Workshop will present participants with a three-phased scenario geared towards providing a forum for sharing of experience and identifying how best PSI can contribute to effective national and regional WMD counterproliferation efforts.
