The purpose of the Working Group 2 (WG2) workshops is to provide opportunity to representatives from different ministries, regional and local authorities, international organizations, NGOs, financial institutions and businesses to discuss all aspects of military base conversion (MBC). Objectives supporting this purpose are as follows:

- To strengthen networking and assist regional countries in capacity building.
- To develop national MBC pilot projects and liaise with stakeholders, thus securing synergy between MBC projects and encouraging cooperation on both national and international level.
- To support the economic revival of regions by conversion of military bases into a compound of effective, sustainable businesses and social structures, thus reducing the negative socio-economic effects and supporting regional business.
- To coordinate governmental, municipal, business and community efforts in order to facilitate achievement of the conversion goals.
- Possibly to connect redundancy of military personnel to the military bases conversion within the context of working places.
