

## AGENDA

### Public Media and Security in SEE

**22 - 24 November 2011**

The idea for realization of a conference on this subject matter arose out of the need to promote the public media and security related standards and to draw attention to the importance of the interconnection between public media services and security issues. This relation will be explored through dialogue and exchanges of information, views and ideas, with the aim of disseminating international standards related to the media and security and building a more open, transparent and stable environment in the Region.

The objectives are:

- To analyze the transparency of the relationship between the media and security;
- To examine the role of the media in crisis management operations;
- To promote the necessity of improvement of standards and capacity building in the field of the media;
- To foster media pluralism and to support cooperation between regional public media services and state institutions;
- To share information, views, and experience from the past as well as the latest information concerning security issues;
- To increase regional and international cooperation;
- To propose the way ahead for future cooperation.
