## **Promoting Security Strategies and Emerging Policy Priorities in SEE**

**03-05 December 2012**

IRC-07-CF

### **AGENDA**

The purpose of the Conference is to give an overview and share lessons learned on security strategies and emerging fundamental policies and priorities in the participating countries. This event aims to contribute to a more cohesive and effective international and regional security cooperation in responding to global threats and challenges.

The objectives are:

1. To review the achievements of the EU security strategy, NATO strategic concept and the strategies of other organizations;
2. To present measures needed in order to mitigate the negative impact on security;
3. To present achievements and current emerging policy priorities in the participating countries;
4. To exchange views on the challenges encountered within the national security policies in the SEE countries;
5. To highlight and promote further security co-operation among the SEE countries.
