

## **CYBER DEFENCE STRATEGIES AND POLICIES**

### **Addressing a Constantly Changing Threat**

#### **Advanced Research Workshop**

RACVIAC – Centre for Security Cooperation, Stari hrast 53, Rakitje, 10437 Bestovje, Croatia  
10 – 12 September 2012

## **AGENDA**

The purpose of the Workshop is to bring together policy makers and senior cyber defence experts from the SEE region and expose them to cyber defence strategy and policy oriented experience and know-how of experts from the countries and international organizations outside of the region.

The objectives are:

- To acquaint the workshop participants with the provisions of NATO Cyber Defence Policy and the Action Plan for its implementation;
- To acquaint the workshop participants with cyber defence strategies and policies of other international organizations and countries outside of the SEE region;
- To raise policy makers' awareness of the growing importance of cyber security;
- To enable cyber security experts to exchange knowledge, experience and know-how, as well as to facilitate networking among them.

*This workshop  
is supported by:*

**The NATO Science for Peace  
and Security Programme**
