

RACVIAC CYBER SECURITY PROJECT ROUND TABLE

RACVIAC – Centre for Security Cooperation, Stari hrast 53, Rakitje, 10437 Bestovje, Croatia
12 – 14 December 2011

AGENDA

The purpose of the round table is two-fold. Firstly, it is to bring together cyber security experts from the regional countries and to provide them with an opportunity to exchange relevant information and experience, as well as to expose them to the latest developments in the field, presented by relevant international experts. Secondly, it is to enable all the participants to express their ideas and actively participate in the development of RACVIAC cyber security related activities in the future.

The objectives are:

- To expose regional cyber security experts to the experience of international experts and deepen the cooperation;
- To enable regional cyber security experts to exchange knowledge, experience and know-how, as well as to facilitate networking among them;
- To present RACVIAC cyber security project proposal and to collect inputs from the participants regarding the number and the type of cyber security related activities to be conducted in the future, development of infrastructure, acquisition of equipment and other relevant topics.
