DRAFT AGENDA

(19 Sep 2011)

RACVIAC – Centre for Security Cooperation, Rakitje, Stari hrast 53, 10437 Bestovje, CROATIA
Tel.: 00385 1 333 0 803, Fax: 00385 1 333 0 809, www.racviac.org

As announced during our last MBC workshop held December 2010 in Slovenia the purpose of this workshop is to bring together nominated national representatives from AL, BA, HR, MD, MK and RS as members of Project Area 1 (TMP) and Project Area 2 (MBC) to discuss and work on defence conversion questionnaires which almost all of them have already completed – with the goal of compiling the work into the final project paper on defence conversion in South East Europe.

Objectives supporting this purpose are as follows:

- To finalise processing of information contained in the questionnaires
- To harmonise additionally requested background papers containing the background, current status and future developments in respective national defence conversion matters
- To designate the outline of the final Project document to be published subsequently.

Publishing of the Project paper should be a crown to the almost seven years work on defence conversion modalities which was done through more than twenty workshops on transition of military personnel and military base conversion. The aim and the purpose of the Project paper is to provide a realistic reference point for future defence conversion projects not only in the six SEE countries which participated in the Project but also to other SEE countries sharing the defence conversion background, obstacles and problems, financial capabilities and Euro-Atlantic integration status as well as future addressing of defence conversion issue.
